GEO. A. LEWIS, Editor and Pub.

FRANKFORT, NOVEMBER 25, 1893.

Capt. Ben. Freeman Dead.

A dispatch from Carrollton states that Capt. Ben. F. Freeman, the well-known steamboat captain, dropped dead in that place on Monday of heart disease, just after eating a hearty dinner. Capt. Freeman was a resident of this city for a long time and had been mate and captain of various steamers plying the Kentucky river. Few steamboatmen were more popular or had more friends along the river than he. He was a member of the Odd Fellows and was buried with the honors of the order.

Council Proceedings.

MONDAY, NOV. 20, '93.

President Lewis and all the members were present except Councilmen Ellwanger, Hendricks and Miles.

The minutes of the last meetings were read and approved.

A petition was received from J. S. and L. E. Harvie, in relation to the Wilkinson street pavement, which was referred to the street committee to be reported back.

A petition was received from citizens on the Boulevard road asking the return of the six feet of ground to the original owners as the city had failed to keep up the sidewalk as agreed. The communication was referred to the street committee.

The Mayor and finance committee were instructed to meet with the old Sinking Fund Commissioners and settle with them, and receive what money was now in their hands and turn same over to the new Sinking Fund Commissioners. Adopted.

The vaccination ordinance was read the first time and passed, and referred to the ordinance committee and City Attorney.

Mr. Bailey asked for further time to report on several matters that had been referred to him.

Several accounts that had been approved were ordered paid.

Judge Holt appeared before the council and after consultation, it was decided to postpone action on the contested election cases until Wednesday, Nov. 29, at 10 a. m.

Dr. James made some statements to the council in relation to vaccination.

The council then adjourned to meet again last night at 7:30.

There will be several entertainments in this vicinity this week.

Dr. Bailey has moved from his home near this place to Frankfort, where he expects to make his future home. The Doctor will be sadly missed by his many friends here and in the surrounding community. Success to the Doctor in his new home.

Mr. I. T. Rogers and sister, Miss Lula, have returned home from a three weeks' visit to Rexville, Indiana.

Mr. P. H. Crutchfield made a trip to Lebanon, was taken ill and had to return home immediately.

There is always plenty of loafers at the Old Stand, on High street, waiting for a ride to town. LONELY LEWIS.

Far and Wide.

Not on this broad continent alone, but in malarial breeding tropical regions, in Guatemala, Mexico, South America the Isthmus of Panama and elsewhere, Hostette's stomach Bitters affords to inhabitants and sojourners protection against malaria. The miner, the freshly arrived immigrant, the tiller of the virgin soil newly robbed of its forest by the axe of the pioneer, find in the superb anti-febrile specific a preserver against the poisonous miasma which in vast districts rich in natural resources, is yet fertile in diseases. It annihilates disorders of the stomach, liver and bowels, fortifies those who use it against malarial influences, breeds and forces by outdoor exposure; infuses genial warmth into a frame chilled by rigorous temperature, and robs of their power to harm morning and evening mists and vapors laden with hurtfulness; strengthens the weak and conquers the fatigues of a long day's labor.
